

ANNUAL REPORT 2021

1. Official information: legal details

Full name: Adelante África Tugende Omumaiso

The entity obtained the declaration of **Public Interest** on 2nd December, 2014.

Legal denomination: Non governmental - Non profit Organization

Where it is registered: Spanish Home Office (Ministerio del Interior)

Registration number: 592827 **Date of registration:** 16th of June, 2009 **Fiscal number:** G64986177

Address: c/ Príncipe de Vergara, 128, esc. dcha., entreplanta. 28002 Madrid.

Telephone: +34 639 505 485 / +34 635 700 510 **Email:** info@adelanteafrica.org

2. Statutory aims

The goal of the Association is to promote and participate in actions of solidarity, international cooperation and education worldwide with a particular focus on vulnerable groups and people in the African continent.

Our priority areas, though not exclusive, are the following:

- a) International cooperation for the development of the population of Africa.
- b) Promoting the development of education, health, comprehensive training or any other action that generates development in Africa.
- c) Financing and construction of infrastructures for children's care and education in Africa.
- d) Protection and safeguarding of the most vulnerable population groups in Africa.
- e) Cultural and material exchange with needy populations in Africa.
- f) Technical and economic cooperation for the development of agri-food, educational, health, social infrastructure, communications and any other projects aimed at fostering development among the most vulnerable people in Africa.
- g) Humanitarian aid.
- h) Awareness-raising in Spain of the problems of the most vulnerable people and global citizenship education.

4. Projects, results and beneficiaries

Covid-related limitations on activity in Uganda again affected our calendar of activities in 2021, especially since June 7th when the Ugandan government declared a state of emergency, restricting the rights of assembly and mobility between districts. Many people have suffered great financial losses and many of our volunteers have been affected by this situation. Despite the uncertainty caused by these restrictions, we have been able to maintain a minimum level of activity in several of our projects and sustain our educational projects until the resumption of classes in January 2022.

4.1. Omwaana Tugende Children's Home

4.1.a. Description of the project

Omwaana Tugende Children's Home for abandoned and abused children takes in children from all over the districts of Kakumiro and Kibaale in close cooperation with the District Probation Office. It is officially recognised by the Ugandan Government as a Home for abandoned and extremely vulnerable children.

The ethos of the home is to recreate, as far as possible, a typical Ugandan home. For this cause the children live in small houses each with its own specific caretakers and a close relationship between the children is fostered. The home also has a vegetable garden that supplies fruit, vegetables and pulses and which gives the children the opportunity to learn basic farming techniques. All the children attend St Joseph's primary school, with the youngest ones attending the Adelante África Nursery School.

The Children's home was in lock-down from the beginning of July. Only one member of staff was allowed out to run errands or to buy basic necessities. Nevertheless, the home maintained its daily internal activity and housed 64 children and 11 workers throughout the year.

Other services within this activity:

The animal husbandry project, set up in 2014 and still ongoing, has given the children of the Home valuable experience in looking after livestock at the same time as providing them with eggs and meat.

Community Hall. In 2013 a community hall was opened as part of the Omwaana Tugende Children's Home complex. It has independent access so that other NGOs, schools and public organisations can use it for seminars, presentations and meetings. It also houses the Adelante África Nursery School and is where the children of the Omwaana Tugende Children's Home have their meals, receive extracurricular evening classes and do their homework. The hall has solar-powered lighting, which means that during a power cut it has some light.

The family visiting and/or resettlement programme, encourages members of the local community to take children into their homes for short periods of time, generally weekends and holidays. It also encourages the safe return of children to live with their own families or with foster families. In the latter case, Adelante África pays the school fees and maintenance costs of the rehoused children. Our support has been limited to maintenance during 2021 due to the closure of schools across Uganda because of COVID-19.

Emergency aid to families with orphans or suffering extreme poverty. The programme aims to support vulnerable families to enable them to look after their own children. It also supports vulnerable children in some remote schools in the area.

4.1.b. Human resources assigned to the project

| Type of worker | Number |
|----------------|--------|
| Volunteers | 8 |
| Paid employees | 0.2 |

4.1.c. Costs and funding of the project

| COSTS | EUROS |
|----------------------------------|---------------|
| Humanitarian expenditure | 42,953 |
| a. Monetary aid | 42,953 |
| Staff costs | 2,531 |
| Other expenditure | 1,255 |
| a. Professional services | 278 |
| b. Banking services | 874 |
| c. Operating costs | 103 |
| TOTAL COST OF THE PROJECT | 46,740 |

| SOURCE OF FUNDING | EUROS |
|---|---------------|
| Members' quotas | 24,613 |
| Other income from the private sector | 22,127 |
| a. Donations and events | 22,127 |
| TOTAL FUNDING OF THE PROJECT | 46,740 |

4.1.d. Beneficiaries of the project

Number of beneficiaries

| Omwaana Tugende Children's Home | Niños entre 3 y 13 años |
|---------------------------------|-------------------------|
| Children's Home | 64 |
| Resettled children | 56 |
| Emergency Aid | 300 |
| Total | 420 |

The beneficiaries and how they are helped:

In the area where we work, there is a high incidence of one-parent families (usually the mother) or families where both parents have died, often of AIDS, the incidence of which is growing again. The children who are taken into the Home are abandoned or vulnerable children. They receive the health care, affection and nutrition they need and have the chance to live in a community, play with other children, help with domestic tasks and attend school.

There are also a number of families who receive emergency loans or direct aid. These are selected after carefully monitoring and interviews with the mother to determine the best way to give them support. In most cases we help with the school fees of their children.

Requirements to qualify as a beneficiary:

The necessary requirements are only to reside in the area where the project is carried out and to be in a situation of vulnerability and poverty. In the case of the children admitted into the children's home, they need to have court orders, officially recommending them for institutional care.

4.1.e. Results obtained and degree of compliance with statutory aims

Results obtained:

Omwaana Tugende Children's Home operates in accordance with the regulations issued by the Ugandan Ministry of Equality, Labour and Development. In May 2021, before the lock-down was announced by the Ugandan government, the centre was visited by senior representatives of the Ministry, including the Head of Children's Homes. They were extremely positive about our model and informed us that they would incorporate several aspects into their own project in order to extend the model at a national level.

Degree of compliance with statutory aims:

The Children's Home is fundamental to the achievement of the overall aims of the NGO. Thanks to the contributions and support received from our members and collaborators, and always within the Ugandan COVID-19 regulations, the activities planned for 2021 have been carried out almost to 100%.

4.2. Educational projects

4.2.a. Description of the projects

These projects are aimed at promoting education among the most disadvantaged. They include the following services:

St Joseph's Primary School. St Joseph's is a state school, initially built by the local community and later rebuilt by Adelante África, for orphans and for the children of refugees and families living in extreme poverty. Children from the local community who cannot pay school fees also attend. The number of pupils has increased from 75 in 2008 to over 500 at present. Adelante África pays the fees of the children in the home, orphans and other children in extreme situations. We also pay for the weekly visits of a nurse and the medicines she prescribes, as well as collaborating with the families to provide a daily cup of porridge for all the children.

As described in section 4.1.a., the measures adopted by the Ugandan authorities in 2021 to combat the pandemic have obliged the schools to remain closed for almost the whole year.

Secondary and Vocational Sponsorship programme. Since Adelante África initial involvement in St Joseph's Primary School, and as part of the development plans for the community, we have looked for secondary school sponsors. These are for the children who, although they did well in the PLE (Primary Leaving Exam) would not be able to continue their education because they have no economic resources. All the children who are sponsored sign a commitment to help another child through secondary school once they have finished their education and have a job.

In 2021 the program has been affected by the limitations on the closure of schools as explained in the previous point.

The Adelante África Nursery School. In September 2013, a nursery school was opened in the Omwaana Tugende Community Hall from 8 a.m. to 1 p.m. every day. The lessons are in English to lay a sound foundation for the children's primary education. The school is non-profit and Adelante África pays the fees of the orphans and of the children from the Children's Home.

Due to schools being closed by order of the Ugandan government for almost the whole year, the usual nursery school classes were temporarily replaced by small workshops on cooking, reading and drawing, physical exercise and film screenings, among others, thus creating a new dynamic at the Children's Home.

The Adelante África Secondary School. The school opened in February 2017. Our school is a non-profit and non-denominational secondary school. We aim to provide quality secondary education so that the most vulnerable children who have passed the exams on completing primary school can continue studying for the Ugandan Certificate of Education (UCE).

As in the rest of Uganda, our school was closed for most of the year due to government directives. During the first months of the year, the school had reopened its doors to allow students to join the different classes in a staggered manner, but this activity ceased on June 7th after the state of emergency was declared. Given the precarious economic situation of our teachers, we have continued to support them until the resumption of classes in 2022.

F.A.L. (Functional Adult Literacy). Around 90% of the adult population of Igayaza is illiterate. The teachers of the Functional Adult Literacy Groups teach women and men in the community to read and write both in their mother tongue and in English, at the same time as widening their practical knowledge in the areas of health, agriculture and human rights. Adelante África pays the teachers' salaries and gives each group T-shirts with their own distinctive motif.

The classes of the adult literacy groups (F.A.L.) were also interrupted in 2021, as a result of Government directives.

4.2.b. Human resources assigned to the projects

| Type of worker | Number |
|----------------|--------|
| Volunteers | 12 |
| Paid employees | 0.1 |

4.2.c. Costs and funding of the projects

| COSTS | EUROS |
|-----------------------------------|---------------|
| Humanitarian expenditure | 30,776 |
| a. Monetary aid | 30,776 |
| Staff costs | 1,266 |
| Other expenditure | 899 |
| a. Professional services | 199 |
| b. Banking services | 626 |
| c. Operating costs | 74 |
| TOTAL COST OF THE PROJECTS | 32,941 |

| FUNDS | EUROS |
|---|---------------|
| Members' quotas | 2,837 |
| Other income from the private sector | 30,104 |
| a. Donations and events | 30,104 |
| TOTAL FUNDING OF THE PROJECTS | 32,941 |

4.2.d. Beneficiaries of the projects

Total number of beneficiaries

| Educational Projects | Children aged 3- 17 | Families |
|--|----------------------------|-----------------|
| St Joseph's Primary School | 560 | - |
| Sponsorship Programme | 16 | - |
| Adelante África Nursery School | 92 | - |
| Adelante África Secondary School (sponsored) (*) | 66 | - |
| F.A.L Groups | - | 600 |
| Total | 734 | 600 |

The beneficiaries and how they are helped:

The beneficiaries of St Joseph's primary school receive a weekly visit from a nurse and the medicines she brings, both funded by Adelante África. We also contribute the sugar for the daily porridge for all the children, and we pay the school fees of orphans or children living in a state of extreme poverty.

The beneficiaries of the secondary and vocational training sponsorship program are orphans or children from very poor families who, otherwise, even if they passed the primary school leaving exams, would not be able to continue their studies. Their sponsors pay the school fees and meals, with a cost of about 30 euros per month per student.

The beneficiaries of the nursery school mainly come from the neighbourhood closest to the school but also include the youngest children (3-5 year-olds) from the Children's Home. This facilitates their integration into the community. Children receive a quality kindergarten education, in English, at a low cost or free of charge for those who come from vulnerable families or are orphans. It also means that mothers can work in the mornings without having to take care of their children at the same time.

The beneficiaries of the Secondary school are pupils who have passed the Primary school leaving exams with good grades but whose families are not able to fund their secondary education.

In the adult education program (F.A.L.), more than 1,000 poor or extremely poor people in the community, 80% of whom are women, are learning to read and write while gaining practical knowledge, mainly in the areas of agricultural methods, the setting up of small income-generating businesses and health education.

Requirements to qualify as a beneficiary:

The necessary requirements are only to reside in the area where the project is carried out and to be in a situation of vulnerability and poverty. Sponsored children in the secondary school programme, also have to commit to helping another child in need to complete secondary school once they have a job.

4.2.e. Results obtained and degree of compliance with statutory aims

Results obtained:

St Joseph's School continues to have an excellent reputation in the area attracting more pupils and with very motivated teachers. The number of orphans continues to increase which means we can give a quality education to children who might otherwise not be able to attend school at all, as well as providing important support to their families or guardians.

The school was closed for practically the whole of 2021 due to COVID-19 restrictions.

The Secondary and Vocational Training Sponsorship Programme grew and diversified with the sponsorship of children, not only in the Adelante África Secondary School but also in other local schools in the area and particularly in Vocational Training courses. The program was interrupted in 2021 because of the COVID-19 restrictions.

The Nursery School is very popular and keeps attracting many children under 5 years of age, distributed among three levels.

The Adelante África Secondary School already has over 250 children. Despite being affected by the state of emergency declared by the Government as a result of the pandemic, weekly meetings continued to be held with the school management, a fund was set up to compensate for the fall in teachers' income until the school resumed classes and the school's monthly fixed costs have been covered.

The F.A.L Group (Functional Adult Literacy) is very well known in the area with more and more villages applying to Adelante África to support a FAL group. The COVID-19 restrictions have disrupted any type of activity of these groups in 2021.

Degree of compliance with statutory aims:

Adelante África's educational activities are fundamental to the achievement of the overall aims of the NGO. For yet another year, the Covid-19 pandemic has disrupted our entire education program in 2021. During those months of uncertainty and until the Ugandan Government relaxed restrictions, we set up a Covid-19 fund to support those who have suffered most from the consequences of the pandemic. With the start of the new

school year in 2022 our activities have resumed and the usual resources will be allocated to both the Secondary School and St. Joseph's Primary School, the Nursery School and the Adult Literacy groups (F.A.L.).

4.3. Development and Health projects

4.3.a. Description of the projects

The aim is to empower individuals or groups to set up or expand income-generating projects and in this way to boost the local economy. We also promote and support various interventions, including health projects, with the ultimate goal of improving the living standards of families in the area.

This includes the following projects:

Community loans (micro-finance): These are to help community members with few or no resources to start small income generating businesses to improve the living conditions of their families. Loans are returned through regular instalments with zero interest and the beneficiaries undertake to make a contribution in kind or labour in favour of the association.

Sewing and hairdressing classes. These classes are designed for girls who are unable to attend or complete secondary school, usually because of lack of funds since secondary school is not free. The classes offer an alternative to early marriage. The girls learn to sew or basic hairdressing techniques and this allows them to have an occupation at the end of the course. Adelante África funds the rent of the premises, the course materials (such as the sewing machines) and the teachers' salaries.

The Igayaza women's sewing group: This is currently composed of women from neighbouring villages and in some cases of students who have attended the sewing classes. Adelante África buys fabrics and then purchases, for further re-sale in Europe, the items that the women make like cushion covers, aprons, backpacks, pencil cases, etc. This allows the women to cover basic needs such as medicines and school fees. All funds received go to finance this and other projects in the area.

The Sunflower Oil Press: The project has three aims: to offer an alternative cash crop to farmers in the area at a fixed purchase price, to provide families in the community with a healthier oil than palm oil and to contribute in the long term to making the AA Children's Home sustainable.

The oil press began working in early 2016 and since then has been producing high quality pure sunflower oil for the local market, as well as animal feed. The project remained stable in 2021 and despite the pandemic it has been practically self-financing with its own resources. However, a number of structural problems were identified that are critical to its future growth and sustainability. A range of options exist and will be analysed in depth over the coming months to determine the viability of the oil press and to take the appropriate decisions.

Homemade water tanks: This is a project to help families build their own tanks to harvest rainwater from their roofs. Adelante África has continued to support the project in 2021.

Green vegetables project: The project aims to encourage the cultivation and increase the consumption of green vegetables in the community. Adelante África provides free green vegetable seeds, both native and imported, to several cooperatives. Once they have grown their crops and have a surplus, they are asked to contribute a small amount of the harvest to feeding the children at the Omwaana Tugende Children's Home. Adelante África has continued to support the project in 2021.

Vitamin A Project: Vitamin A helps prevent childhood blindness and reduces the effects of other diseases such as measles. In 2013, Adelante África partnered with the NGOs Healing Wings and World Vision. Since then, Adelante Africa has maintained its continued support.

The annual vitamin A and deworming campaigns were put on hold during the whole of 2021 due to the pandemic. However, the **annual poultry vaccination program** could be completed before the state of emergency was announced on June 7th, 2021.

Other Health Projects:

- **The Igayaza Diabetes Association:** Adelante África keeps supporting electronically a self-help diabetics group through the assistance and advice of Dr Alba Galdón.
- **Medical campaign in Uganda.** The Doctors in Uganda project was put on hold in 2020 and until now it is still not possible to restart it due to the restrictions imposed by the government because of the pandemic.

4.3.b. Human resources assigned to the project

| Type of worker | Number |
|----------------|--------|
| Volunteers | 16 |
| Paid employees | 0.7 |

4.3.c. Costs and funding of the projects

| COST | EUROS |
|-----------------------------------|---------------|
| Humanitarian expenditure | 15,990 |
| a. Humanitarian expenditure | 15,990 |
| Staff costs | 8,860 |
| Other costs | 467 |
| a. Professional services | 104 |
| b. Banking services | 325 |
| c. Running costs | 38 |
| TOTAL COST OF THE PROJECTS | 25,316 |

| FUNDING | EUROS |
|---|---------------|
| Members' quotas | 13,332 |
| Other income from the private sector | 11,985 |
| a. Donations and events | 11,985 |
| TOTAL FUNDING OF THE PROJECTS | 25,316 |

4.3.d. Beneficiaries of the projects

Total number of beneficiaries

| Community development and health | Children aged 3-17 | Families |
|--|--------------------|----------|
| Community loans | - | 220 |
| Sewing classes and Women's Sewing Group | 90 | |
| Sunflower Oil Press | - | 4,000 |
| Homemade water tanks | - | 280 |
| Green vegetable project | - | 200 |
| Chicken Vaccination | - | 950 |
| Other health projects – Diabetes Association | - | 60 |
| Total | 90 | 5,710 |

The beneficiaries and how they are helped:

All the beneficiaries live in poverty or extreme poverty and in areas where there are few or no economic resources. We work with the local communities to help give support and resources to improve the standard of living of families in the area.

Requirements to qualify as a beneficiary:

The necessary requirements are only to reside in the area where the project is carried out and to be in a situation of vulnerability and poverty.

In the case of the community loans, we select the beneficiaries according to their needs, the number of people who will benefit from the project they want to undertake and their trustworthiness. They also commit to contributing to the sustainability of the project, paying back in kind as agreed in the loan agreement.

4.3.e. Results obtained and degree of compliance

Results obtained:

The **community loans project** has proved to be one of the most successful initiatives of Adelante África and is a real driver of change. Beneficiaries continue to pay back their loans and the project offers hope of a better future for many families in the area.

Hairdressing and sewing classes. Women's Sewing Group of Igayaza. The project has changed its focus towards the group of young women who are not able to go to secondary school and who would be destined to become very young wives and mothers or subsistence farmers.

Classes were interrupted in 2021 due to directives from the Ugandan government. For these and other projects, we have maintained an emergency relief fund to financially support the most vulnerable and those who were left in a really precarious situation.

The **Oil Press project** continues to be very popular, but it has revealed structural problems that could compromise its sustainability in the future, and different options for its continuation will be analysed. Other projects started in previous years, such as the **water tanks project** and the **green vegetables project** continue to work well and report the expected results albeit with restrictions this year because of COVID-19.

The Vitamin A and deworming project along with **the bird flu project** are now established as a biannual campaign, with the interruption mentioned above due to COVID-19, and are highly-valued by families living in the villages.

Other health projects. All the health projects continue to be very well received and exceed expectations, again with the restrictions imposed upon them by the pandemic in 2020 and 2021.

Degree of compliance with statutory aims:

These projects are fundamental to the achievement of the overall aims of the NGO. Thanks to the contributions and support received from our members and collaborators, the plans foreseen for 2021 were almost 100% achieved, always within the COVID-19 Ugandan regulatory framework.

5. Resources

5.1 Volunteers and employees

During the 2021 financial year, a technical professional (non-managerial) was hired for the on-site supervision of all projects, as well as for the establishment of a control structure to ensure compliance with local governmental obligations and internal procedures in a sustainable manner.

The other members of Adelante Africa are volunteers who make their personal resources available to the association for the achievement of its social goals. The human resources employed during the 2021 financial year was 36, including 21 Ugandan volunteers who make up the local organisation in Africa, of whom 9 are board members (the Ugandan board also includes two members of AA Spain).

The members of the organisation in Spain control the funds donated by our supporters from beginning to end. They set the association's objectives and plan and monitor all the projects on the ground by intervening directing in the decisions made by the local members in Uganda. They keep in close contact with the local authorities and NGOs visiting them whenever possible. They promote the association and organise and run fund-raising events. They also visit schools throughout the year to talk about the organisation.

During 2021, the awareness-raising and outreach activities that we had been carrying out by means of talks in English in Official Language Schools in Spain mainly, have also been affected by the pandemic. This year activity was reduced to one talk in English about our activities in Uganda, given by the association's Secretary as a virtual presentation from Uganda.

The volunteers in Uganda are local leaders from a variety of backgrounds and professions. They are all influential in the community, members of regional and central government, teachers and women who have set up their own businesses. They all give their time and efforts voluntarily to the NGO and Adelante África only funds their transport and telephone expenses while working on the projects.

5.2. Offices, Expenses and Sources of Funding

Offices of the NGO

Adelante África's registered office is at Calle Príncipe de Vergara 128 in the premises of a private lawyer during office hours. She allows us to use her address free of charge.

Expenses

Everyone who works with Adelante África does so on a voluntary basis. All members and volunteers put their own private resources towards the achievement of the NGO's aims. All costs incurred by the governing body in order

to carry out their duties, such as office supplies, hardware, etc, as well as travel costs, are paid for personally by the people concerned.

Grants and public funding

All Adelante Africa's income comes from private individuals and fund-raising events. Members contribute with standing orders, one-off payments and sponsorship payments. The NGO received no government grant or public funding in 2021.

6. Remuneration of Governing Body

As stated in article 28 of the organisation's statutes, all members of the governing body provide their services to Adelante África voluntarily, and do not receive any salary, expenses or remuneration from the NGO either when performing their duties or for duties different from those carried out as a member of the governing body.

7. The Governing body

Board members of Adelante África Spain

President:

Jesús Lezcano García
Managing Director of Oxford University Press España

Vice-Presidents:

Victoria Ley Vega de Seoane
Head of Division, Scientific Evaluation Area - National Research Agency
José Luis López Sánchez
Entrepreneur
Christina Latham-Koenig
Writer of upper secondary and adult E.F.L. textbooks

Secretary:

Jane Cadwallader
Author of primary and infant E.F.L. textbooks

Treasurer:

Victoria Camarillo
Also responsible for legal and fiscal aspects

Project Coordinator:

Jorge Lezcano
M.A. in Development Management, London School of Economics.

Other members:

Alison Blair
Author of primary and infant E.F.L. textbooks. Responsible for the secondary school sponsorship programme
Izabella Hearn
Author of primary and secondary E.F.L. textbooks. Responsible for relations with Nyumbani, Kenya
Mady Musiol
Author of primary and secondary E.F.L. textbooks
María Díaz Ley
Software Process Engineer
Dr Guillermo García Serrano
Responsible for Drs in Uganda project
Cathy Myers
Author of secondary EFL textbooks
Blanca Ley Vega de Seoane
Retired Head Teacher of IES El Burgo de las Rozas – Responsible for the FAL.
Ana Lezcano
M.A. Graduate in Social Policy and Development presently working as a Research Manager, Innovations for Poverty Action – Kenya (IPA).
Jorge Lezcano
Graduate in Development Management LSE (London School of Economics). Project Co-ordinator Uganda
Teresa Lezcano
Graduate in History and African Culture presently working as Research Manager, Innovations for Poverty Action – Kenya (IPA)
Rachel Long
ELT Marketing Manager, Macmillan Education Iberia

Board members of Adelante Africa Uganda

Chair:

Cleophus Mugenyi

Assistant Commissioner for Pre-Primary and Primary Education, Ministry of Education

Secretary:

Nakafeero Ursula

Business computing

Treasurer:

Kigozi Abbas

Influencing Coordinator, Oxfam Novib

Other board members:

Okonjo Ayo Florence

Technical advisor to local governments with a special focus on economic empowerment and HIV status for the Catholic Relief Services

Ms. Kitibwa Teddy

Senior Lecturer at Albinino National Instructors College Teacher

Ms. Biribonwa Robinah

Managing Director, Mango Fund Inc.

Jesús Lezcano García

Representing Adelante Africa Spain

Jane Cadwallader

Representing Adelante Africa Spain

Other members:

Kairu Andrew

Teacher, Chairperson of the Adelante Africa Volunteers in Igayaza

Asaba Damiano

Teacher. Secretary of the Adelante Africa Volunteers Group and Responsible for the F.A.L., the Vitamin A and the Chicken Vaccination projects

Tuyambe Josephine

Businesswoman. Responsible for the day to day running of the children's home

Mbabazi Inmeldah

Farmer. Responsible for community loans and bursar of the nursery school.

Kakugizibwe Julius

Teacher at St Joseph's School. Responsible for the FAL

Kubalikenda Thomas

Responsible for the Homemade Water Tank project

Ssebukalu Augustine

Responsible for the Omwaana Tugende Farm

Namara Dennis

Omwaana Tugende care worker. Responsible for the Green Vegetable Project and for the Diabetics Association

Nyamahunge Gladys

Responsible for the Women's sewing group and the Hairdressing classes

Bagaza Tadeo

Farmer and businessman. Responsible for the Secondary School

Ahumusa Susan

Social worker and official of the local Government. She works part time as social worker at the Children's Home.
